Sullivan ave site for civic center

Mission St. ruled out

Daly City officials have announced that Sullivan Ave., between 87th and 90 Sts., is the possible location for the new city-county civic center.

City manager Edward Frank said the city is working on cost factors on this location.

A Mission street site, he said, was ruled out because of homes involved and other cost factors proving too expensive.

Frank said the time schedule for building of the civic center, as well as the cost of the project, has yet to be worked out.

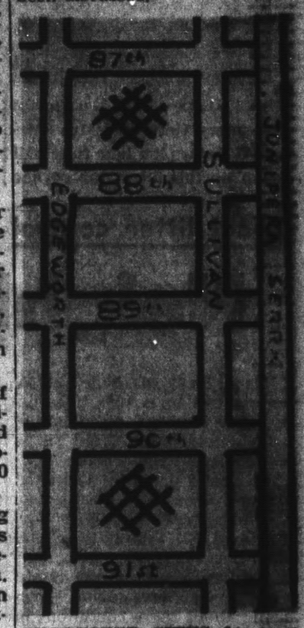
City officials announced earlier the building would be constructed on a pay-as-you go basis, with possibility of obtaining state and other matching funds.

One of the main reasons for the new building is to merge all city offices into one building, as well as create a larger police headquarters. The present city hall contains police, city clerks, city managers offices, plus council chambers in the upper floor.

Offices of the Department of Public Works, including engineer, building department and recreation department, are located on Hillcrest Dr., some 10 blocks away.

There is also an increasing need for county court facilities in the North County, and especially in the Daly City area. All Daly City court cases, with the exception of traffic matters, are heard in South San Francisco.

Use of the new civic center for civil defense and mental health headquarters, has also been discussed.



SUGGESTED SITES for new Daly City civic center are shown in patch marks on map. City officials are considering sites on Sullivan avenue between 87th and 88th streets, and 90th and 91st streets.

Unification vote delayed until January

North county school district unification was delayed again last week. This time for three months.

Representatives of the Jefferson Union High School District and the Jefferson Elementary District, along with school board officials from Brisbane, Bayshore and Laguna Salada, and the San Mateo County Committee on School District Organization moved to set aside local settlement of the question until Jan. 9, 1964.

The delay was called for a study of the potential population increase in and around Daly City including the forthcoming development of the Christen and Crocker lands.

In addition, an earlier move by the South San Francisco District to place some of the Christen land area in the Jefferson Elementary District has further complicated proceedings.

The January meeting of the augmented committee will be the eighth and final one on consolidating the five districts.

The issue in Daly City has been deadlocked for months over questions of size, bounderies and financing.

Too Large

The San Mateo County Committee on School District Organization has proposed a configuration of the five districts of Jefferson High School and the four elementary with a pupil population of 50,000.

This is too large, say members of the Jefferson Elementary District.

They want to drop Laguna Salada from the group.

In a resolution passed last May, Jefferson Elementary Board members said, "A school population should be large enough for efficient administrative operation, yet not so large that the administrative staff and Board of Trustees cannot be familiar with individual schools, principals and teachers."

Jefferson Elementary District board members want to see a district containing 25,000 to 30,000 pupils enrolled in grades "K" through 12.

This is ideal, they say.

". . . with the larger configuration including Laguna Salada, the growth potential would make the eventual population violate the maximum school population which we feel is desirable," says their resolution.

100,000 More

Jefferson Elementary members look for a population increase in Daly City, Bayshore and Brisbane of more than 100,000 persons.

"We expect this increase will double the present school population of nearly 12,000 in these three areas," says Thomas Noonan, chairman of the Jefferson Elementary District Board of Trustees.

"The figure of 24,000 is close to what we feel is a desirable maximum," says Noonan.

Noonan told the augmented committee last week that the estimated number of people moving into the Christen ranch area alone will be about 21,000.

In an interview later, he said, "The Crocker lands, in addition, can hold an estimated population of 80,000.

Noonan also pointed out that Brisbane will add 1,500 new apartments in the near future in addition to the 300 homes now under construction.

School board members figure that there will be six children for every five families moving into the area.

Largest In State

Noonan notes that this unification will be the largest in the State of California.

"Most unified districts in the state average between 15,000 and 20,000 enrolled pupils," he said.

Must Decide

The present postponement is the last allowable in the decision to unify the district, says Al H. Glanz, deputy secretary for the San Mateo County Committee on School District Organization.

Under a California law, says Glanz, school districts in the state must be unified into single units covering grades "K" through 12.

Sept. 15, 1963, was the original deadline set by the state for a northern San Mateo County master plan to be submitted to the state board of education.

Because of the difference of opinion among the various school boards involved, the state board allowed a delay until Sept. 15, 1964, says Glanz.

But, since many steps must be taken after the final vote of the augmented committee, a decision must be made in January and the results of the vote sent to the state then.

People Will Vote

The final decision on unification will be made by a citizen's vote, Glanz explains.

After approval by the state board of education on the master plan submitted by the augmented county committee, the county superintendent of schools must call for a vote in the districts involved.

At Westmoor

Last week's meeting was held at Westmoor High School.

Hatchet buried on fire talks

The hatchet appears to be buried in the Daly City-Brisbane feud over dissolution of the Bayshore City fire district.

Brisbane has withdrawn its request to halt the dissolution of the district, and with it the subsequent merger of both Bayshore and Daly City fire departments.

City attorney Paul Hupf of Daly City said "We see no reason to concede anything." Although, he added, Brisbane may try to obtain some of the assets of the Bayshore district.

Brisbane city officials had felt their interests in the fire district were being jeopardized by the dissolution and merger into Daly City.

Brisbane wanted fire protection in its area by Daly City until June 30, 1964 and a financial distribution of the assets. Brisbane obtained a court injunction to halt dissolution proceedings.

Daly City cannot provide service to newly annexed Bayshore territory until the Bayshore fire district is dissolved.

Parents of abandoned boys caught, jailed

Parents of Jimmy and Tommy Clifton, abandoned in a Westlake apartment house last week, were arrested and jailed last Friday in Oceanside after they were caught siphoning gas.

Their father, John Clifton, 27, is a parole violator. He has a long record and was on parole from a Washington state prison sentence for second degree burglary. He gives his occupation as a logger.

Their tattoed mother, a 190-pound five-foot eight-inch tall, 23-year-old woman, who let two other children out for adoptions, waited in a nearby cell and professed to her desire to have the children back.

She explained they were abandoned after she and her husband of less than a year left Port Angeles, Wash., to seek better work. He had lost his job and their money gave out on the trip.

The children's grandmother, Marie Kautz of Vancouver, Wash., recognized the children from a newspaper photograph and called Vancouver police. They in turn called Daly City authorities, who alerted the CII.

Mary's Help donations total $50,000

Daly City's donations for Mary's Help Hospital have already reached the $50,000 mark, reported Judge George B. Harris, chairman.

Local chairman Frank Curry said "although this appears small compared with San Francisco's nearly $600,000, it is encouraging evidence that Daly City intends to do its part. Most of the $50,000 plus, pledged to date, has come "the hard way" . . . namely, relatively small donations from many people."

Curry emphasized the campaign headquarters needs many more donations in the $50, to $500, $100 bracket to reach the ultimate goal of $1,500,000.

Greatest need is for more solicitors. For information call WY 2-4130.

PENINSULA DEFENSE trailer built by Don Johnson serves civil defense and emergency needs in North San Mateo County. Operators shown here learned to be trained operators through classes held on Thursday. (Photo by Joseph's)

Radio men serve city in emergency

The North Peninsula Electronics Club, of which six Daly City men are members, is named to receive a national citation for its handling of radio traffic during last year's flood in Pacifica.

The club, which practices message handling each week in a trailer unit at 222 Alta Vista in South San Francisco, is part of the Radio Amateur Emergency Corps (RACES) units under the office of Civil Defense.

They meet Mondays, Thursdays and Fridays of each week, for practice in message handling and emergency procedure.

Classes are held on Tuesday and Thursday for beginners.

Director of the program called MARS (Military Affiliated Radio Stations) is Don Johnson, who built the 40-foot trailer-unit.

The MARS program ties in with Navy and Army units. This service is linked with Civil Defense and emergency services and also handles traffic to people overseas.

The trailer is equipped to communicate with all local fire and police departments. Radio units are powered by two gasoline generators. The trailer has a complete repair shop.

In an emergency, Johnson could call out eight to 10 mobile units within an hour. The trailer is equipped with seven transmitters and eight receivers, for two crews of seven trained operators and two messengers.

Daly City operators include Bud Matheny, Sharon Parris, Frank Shuman, Bill Noonan (Colma), Hank Herting, Jack Parris.

Each of these operators has his own civil defense station at home which ties in with the trailer unit.

The trailer acts as a communications center. Operators tie in with the trailer to send and receive emergency information.

No annex protests expected

Little protest, if any, is expected Monday as a hearing is held at Daly City hall on annexation of 986 acres of the Christen Ranch.

City Councilman Micheal DeBernardi said very little opposition has been voiced against the annexation in talks by city officials to civic groups and organizations. High school and elementary officials have voiced no complaints on the annexation.

If no protests are raised at the 8 p.m. hearing, then an ordinance will be introduced. Two weeks from that date the ordinance will be read. Then 30 days later the ordinance becomes effective.

City-school meeting

City and elementary board officials met Monday night to work out any problems, if any, on recreation facilities offered in the Christen Ranch annexation.

Tom Noonan, board president, told the city fathers, the proposed two-acre "donations" by the developers for 16 school sites, might be added or detracted on some sites according to the various recreational needs of each school.

The city and school officials agreed to continue joint use of city and school recreational facilities.

Councilman Frank Pacelli cited a critical need for indoor sports facilities, due in part to increased teen population and increased use of gym facilities by adults seeking high school graduation requirements.

Mayor Joseph Verducci suggested a covered "community center" sports facility for the entire community.

Drugs float up to beach

A "Haven for hopheads" was what Thornton Beach was Sunday as small vials of drugs began floating up to shore.

The drugs were thought to be part of a $1.3 million load of narcotics sunk by State Narcotics agents last week. The drugs were scattered along the beach for four miles.

Adults and children participated in the hunt for bottles throughout the afternoon.

A Coast Guardsman said it was possible that the current could have brought the unbroken bottles to Thornton Beach.

The dump was made west and slightly north of Thornton Beach.

In addition to methadrine, searchers found bottles containing powder that looked like heroin and pills.

Elem trustee up for award

Kenneth D. Wells, President of the Freedoms Foundation at Valley Forge, Pennsylvania, announced that the Foundation has accepted the nomination of Mrs. Katherine Mullen as a candidate for the coveted American Educator Medal, a national honor.

Should Mrs. Mullen win this award in the forthcoming spring, she will be the first schoolboard member in the nation to be so recognized. Her nomination was based on her long and dedicated service to the educational program of the district, through her position on the Jefferson Elementary School Board.

The American Educators Medal Award is made annually to recognize the constructive educational work in building intellectually capable, morally sound, patriotic young Americans. The award for which Mrs. Mullen has been nominated is limited to school principals, superintendents and other administrators. Mrs. Mullen qualifying under the "other administrator" category.

The cost of mental health

Editors note:

Second in a series of articles on the need for mental health facilities in North San Mateo County.

By Mrs. Rolland E. Wick

How has the growth of mental health servises in San Mateo County effected the people who live here? Fewer residents are being treated in large isolated state hospitals.

In 1953 the rate of admissions of state hospitals in five Bay Area counties (Marin, Alameda, Contra Costa, San Francisco and Solano) was 230 per 100,000. The San Mateo everage was 147 per 100,000. In 1962, the Bay Area state hospitals admissions had risen 270 per 100,000. San Mateo county admissions had dropped to 99 per 100,000.

In 1962, 1034 patients were treated in the in-patient service in San Mateo, compared with Contra Costa's 464 and San Francisco's 326, the only other Bay Area counties with this service.

San Mateo county was able to treat its residents suffering with mental illness closer to home, for a shorter period of time, with less disruption of their homes and jobs.

"What does this cost me?", is a question frequently crossing the tax-payers mind as he watches his local, state and national governments in action—and rightly so. He wants his money spent wisely.

Based on the 1962 figures, the cost for stay in a state mental hospital is $8 per day. The average stay is three months, totaling $720. The cost of 24-hour in-patient care at County hospital is $44 per day. With an average stay of eight days, the total is $352 per patient. The average cost of a visit in the adult psychiatric clinic is $15. For an average of five visits, this totals $75 per patient.

Thus we see that treatment of the mentally ill closer to home actually reduces the cost to the tax payer.

In San Mateo County the budget of the Mental Health division of the Health and Welfare Department is $1,507,000, which would mean a per capita cost of $3. However, fees, state reimbursements, and other sources reduces the cost to San Mateo taxpayers to 69 cents. With increased services since 1957, the actual cost to county residents has increased only 10 cents, from the 59 cent cost at that time.

The greatest part of community cost is absorbed by the Short-Doyle Act. Passed in 1957 by the state legislature, this act was amended and appropriations made in August of this year, and now reimburses up to 75 per cent of the money spent by country and city governments in community mental health services.

Hundreds sign for "self help"

Hundreds registered for the Medical Self-Help Training Program in local schools last week (Thursday October 3).

This eight-week course is a pilot project in San Mateo county, administered by United Voluntary Services under agreement with the San Mateo county board of supervisors. Goal of the program is the training of at least one member from every family for "when the doctor cannot come", designed not only for major disaster such as earthquake, flood or nuclear attack but also everyday accidents.

Large lines of people, both men and women, waited their turn at registering.

Total registrants by high schools:

Westmoor, 119; Jefferson, 101; South San Francisco, 120.

Also, El Camino, 86; Oceana, 70; Terra Nova, 68.

Persons who were unable to register may telephone Medical Self-Help (DI 2-7679) for information on open classes.

DC annex statistics

The proposed Christen Ranch annexation to Daly City would be the largest of 43 annexations since the original incorporation in 1911.

The 986.16-acre annexation would increase the size of Daly City by 30.3 per cent. City boundaries would increase from 5.08 to 6.62 miles.

First large annexation was 148 acres of a portion of Colma in 1924. This increased the acreage of the city from 659 to 807.

Only two small annexations occurred during the next 17 years. Then the Westlake annexation in 1948 increased the size of the city by another 432 acres. The total acreage stood at 1251.

In 1950 the Henshaw annexation brought 318 more acres of land into city boundaries. Total acreage became 1589.

Westlake Highlands annexation in 1954 included 435 acres — an increase of the city from 1670 to 2105 acres.

In 1956 the city annexed three large parcels of land, including 64 acres for Westmoor High School, 151 acres of the McCready property and 334 acres of the St. Francis Heights property.

The Nolan Property in 1960 added another 116 acres and increased square mileage of the city to 4,402. Original square mileage of the city was 917.

No large annexations occurred until 1963 when the city annexed 40 acres for Mary's Help Hospital and took in 382 acres of Bayshore lands.

This brought the total acreage to 3254 and mileage to 5.086 where it stands today.

Police stop big teen gang fight before started

Daly City police officers broke up a pending teen-age gang-fight at the Geneva Drive-In Theater Saturday.

Large numbers of young boys from Daly City and San Francisco gathered at the drive-in and began to move about cars inside the theater when police were summoned.

One car had its windows smashed before officers were able to quiet the group.

Two cars were later reported stolen from the area around the theater.

Other car owners reported cars broken into and items taken.

Police recovered some of the things in an open lot.

Auto accident in Sacramento kills DC man

Joel Jackson of 318 San Mateo Ave., Daly City, was killed Saturday in a Sacramento auto accident.

Jackson's car was crushed beneath a cement mixing truck after a collision with it.

Sacramento police say Jackson apparently ran a stop light and was hit by the truck as he crossed an intersection.

Junipero Serra

Emergency service opening is Sunday

Daly City will again have another local hospital with the opening this Sunday of the Junipero Serra Medical Service, 191 Hill street, Colma.

The medical service, located just off Junipero Serra boulevard, next to Alec Shopping Center, will be staffed around the clock by qualified doctors to provide emergency treatment for local residents.

Since the Junipero Serra Hospital closed last March in the advance of the new freeway, Daly City has been without the services of an emergency hospital.

Since March, the city has used the services of Peninsula Hospital in Burlingame and Kaiser Hospital in South San Francisco.

Owner of the new Junipero Serra Medical Service is Dr. Alfred Marquez, who has offices in San Francisco.

Dr. Marquez purchased the old Junipero Serra Hospital, and hired movers to re-locate the building to its present site. The moving operation was completed last month.

PARTNERS—Mrs. Norman Densmore (left) and Mrs. Percy Williams plan how they will clean up this lot at the corner of Santa Cruz Ave. and Hillcrest Dr. The lot is littered with wooden boxes, nail-studded boards, broken glass, rusty cans, dead birds and trash. The pair formed a club, "The Busy Bees of Santa Cruz Ave." to beautify their neighborhood.

Local litter control

Neighbors clean-up

Dead birds, garbage, trash, debris, broken bottles, and rusty cans have no place in the vacant lots or the front yards Daly City's neigborhoods.

So said a pair of determined women about two weeks ago. And by now, Mrs. Percy Williams of 131 Santa Cruz Ave. and her neighbor, Mrs. Norman Densmore of 128 Santa Cruz Ave., have done something about these conditions in their neighborhood.

Sparked by the enthusiasm of these two, about 50 people adults and boys and girls—got together to clean up front yards and vacant lots in a two block area along Santa Cruz Ave. from the Daly City line to Hillcrest Ave.

"There is still more to be done and we are going ahead to do it," said Mrs. Williams and Mrs. Densmore as they showed a reporter from this paper the result of their work.

There was a tidy, weedless lot and some neat front yards along the two block way.

"Our neighborhood was going to the dumps," said Mrs. Williams.

Nobody seemed to care how it looked," said Mrs. Densmore.

"We got together and talked about it and sent out about 235 postcards to our neighbors and others around us and got back about 400 replies and telephone calls," said the pair.

"The calls are still coming in," they say.

Idea

Mrs. Densmore says it was really Mrs. Williams' idea and Mrs. Williams says she could not have done it without Mrs. Densmore.

"We thought this condition was unhealthy and dangerous for our children in the neighborhood and we wanted to start to beautify it at the same time," said the enterprising two.

City Help

The two women also enlisted the help of the Daly City Fire Dept.

The Fire Dept. burned trash and the Streets Dept. sent a truck to haul away what could not be burned.

A landscaper for the city has also promised that he will help with advice on planting greenery and shrubs in the neighborhood.

Reward

Though all the help was volunteered, everybody who worked got in on a "hot-dog party," explains Mrs. Densmore.

"We served lots and lots of hot dogs to some pretty hard workers," she says.

Future Plans

Mrs. Williams and Mrs. Densmore hope their idea will spread to other Daly City neighborhoods in need of the same kind of beauty treatment.

They also hope to form a "litter control" in their own neighborhood to keep the streets and yards tidy.

They have already started a clean-up, dress-up club which they call the "Busy Bees of Santa Cruz Ave."

They say since they have received so many inquiries about what they are doing, they hope to be able to use a room soon in the city's Memorial Building for a meeting.

They want to tell other people how they can do the same thing.

Finance talk for N. County Jr. college

Plans for financing the proposed Northern Campus of College of San Mateo will be presented "soon" to the college board of trustees, according to president Julio Bertolazzo.

The purchase of the north country junior college site was completed in January of 1959. The site, approximately 111 acres in area, lies along the south of Sharp Park Road and West of Skyline boulevard.

Borolazzo said that because of the combined effort of population movement in San Mateo County and the "baby boom" following World War II, San Mateo County as a whole will experience a 580 per cent increase in the number of high school graduates between 1950 and 1970.

In the Jefferson Union High School District, for example, the number of high school graduates will more than triple, from 584 in 1960 to 1873 in 1971.

Bortolazzo said the college expects to receive one half million dollars in matching funds from the state for college construction. Also, funds are expected from the Proposition 1-A state college site bill, recently voted last November by the electorate, and the sale of the Deleware Campus for $2½ million.

College of San Mateo enrollment jumped from 4500 last year to a present enrollment of 5600 students. An enrollment of 7,000 is expected for next year.

A target date of 1966 has been set for the opening of the northern campus.

Leading to the site at the present time is a little-traveled road, re-named college drive. Within three years, North County students will travel this—and other direct routes—to the first classes on their own campus.

School districts must be adjacent for unification

School districts wishing to be joined to a unified district must be adjacent to the larger district.

Edward Morgan, superintendent of the Jefferson Union High School District, told the board of trustees of the district last week, that according to the state educational code, a district which is isolated cannot be made a part of a unified district.

Morgan pointed out that in the case of Brisbane and Bayshore, if Brisbane should want to join a unified district and Bayshore did not, Brisbane would be prevented by geography.

Future teachers work with grades

By Michele Colby

Witnessing teachers at work is the main objective of three members of Westmoor High School's Future Teachers Club. The three, Linda Long, Michael Lynch and Jill Carson, not only watch but they also work. They mark papers and help teach the classes in conjunction with the teacher.

Working with different age groups the three are able to determine what age suits them best, and whether they enjoy teaching. Jill Carson works with the fourth and fifth graders, Linda Long the second graders and Michael Lynch the sixth grade—all at Vista Mar School.

To do this work the three seniors must show desire and must be able to forfeit one of their classes. They then, during the sixth period at Westmoor, go to the school and their respective rooms.

Working for that hour or so they are able to get a better insight into the art of teaching, as they observe the methods used by teachers.

LIBRARY SERVICE — Mrs. Dorothy Sinclair, supervisor of Bookmobile Service for the county library (left), shows approval of the new Bookmobile put into service this week. Equally pleased are Mrs. Theda Firschen (center), her assistant, and Mrs. Johanna Marinc, Bookmobile clerk.

The Bookmobile represents an investment of approximately $24,000 and is the latest thing in library service. According to County Librarian Virginia Ross, the new unit will have a capacity of 4000 volumes, just double that of the old Bookmobile, which is being used temporarily at the new College of San Mateo until the library building is completed.

The county's Bookmobile service has 9000 registered borrowers and averages some 80,000 withdrawals a year operating five days a week.

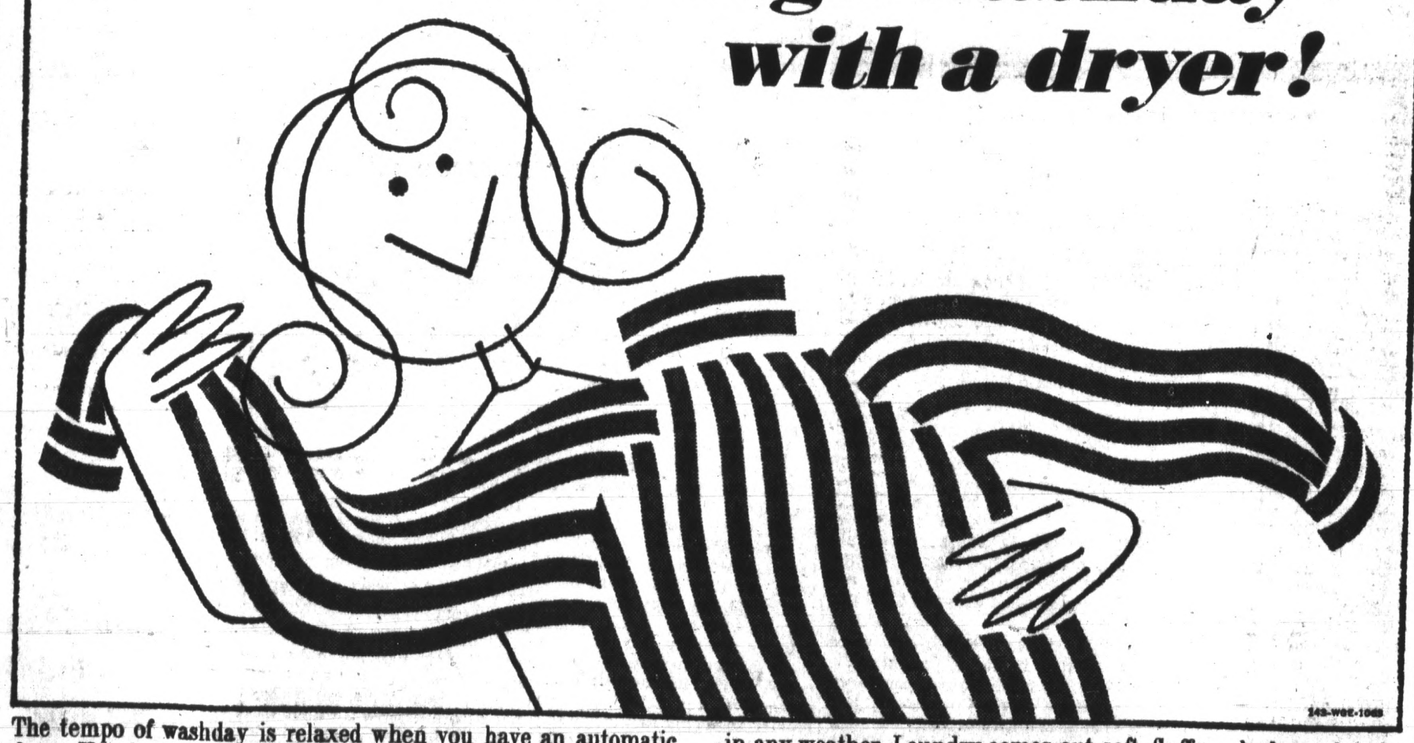
Waltz through washday with a dryer!



The tempo of washday is relaxed when you have an automatic dryer. You don't have to lift and lug those back-breaking baskets of wet wash any more. (The average homemaker handles about two tons of wet wash a year.)

Ironing is easier, too. New damp-dry settings make clothes come out just right for ironing. And some fabrics come out so wrinkle-free, they need no ironing at all.

You'll be able to dry your wash at any hour of the day or night in any weather. Laundry comes out soft, fluffy... looks and feels good. And a dryer's ultra-violet light gives your clothes the sweet scent of summer sunshine.

You'll save money on clothing—especially for "small-fry". Clothing lasts longer, and fewer clothes and linens are needed when you can wash and dry *any* time. Why not waltz down to your Reddy Recommended Dealer's today?

Supervisors take steps

Co. waste problem

By Floyd McCue

Immediate steps attacking the county's waste disposal problems have been taken by the board of supervisors. Acting on the recommendation of County Manager E. R. Stallings, the board committed the county "to provide adequate waste disposal sites for the county, cities and unincorporated areas."

The overall site acquisition program may run as high as $2 million to handle needs for the next 50 years. Stallings told the board that as much as 1,700,000 may be available in the next year to get the program started. He indicated the first land purchases would be to enlarge the South County and Half Moon Bay dump sites.

The county will be eligible for 30 per cent of the site acquisition costs from the federal government under the "open spaces" program. All the land reclaimed through the fill and cover method will be used exclusively for recreation and parks.

The county is studying site purchases in other parts of the county. Some, according to a survey, will be located in deep canyons where fill is available on the site. Expansion of present dump sites along the Bay tidelands will have to be expanded several fold as population growth demands.

County officials will watch with interest what Governor Edmund Brown comes up with at the special session of the legislature after his announcement that the subject of rapid transit had been placed on the agenda.

The governor pocket vetoed a San Mateo rapid transit bill at the last session. The special rapid transit committee headed by Supervisor William M. Werder has continued its study of the problem, hoping to bring Santa Clara county into a plan that would tie in with the Bay Area Rapid Transit system.

The county, being without authority to establish a transit district, passed up the October tax which would have raised 1 deadline to assess the in lieu funds to finance a complete study.

What the future holds will depend greatly on what the governor proposes at the special session. So far he has given no indication of his plans but has cited rapid transit needs as one of the state's most pressing problems.

NOTES: The supervisors are studying a request of the sheriff's department for $100 annual uniform allowance for deputies. Many county cities make such a contribution to police officers, varying from $60 to $110. Santa Clara county allows $100. It was brought out at the board meeting that other employees required to wear uniforms on duty would be entitled to the same consideration. This would include parks & recreation people and inspectors in the agricultural department. The board held the request for further study. . . . Deed to the College of San Mateo's campus was turned over to Manager Stallings last week. Although the college will continue to occupy some of the buildings until about January 1, plans are being pushed on the first phase of the 20-year master plan, which was adopted earlier this year.

DOES SHE MEASURE UP? If Bob St. Clair, Captain of the San Francisco 49ers, has his say . . . she does, by all means. The lithesome lass is pert Pamela Crow who was "weighing in" for the position of Homestess for the forthcoming California Home Show, Brooks Hall, San Francisco, Oct. 9-13. All Homestesses are ex-beauty contest winners but remain "in shape" for their grueling guide duties during the five-day "town fair," hence Mr. St. Clair's concern that there has been no change in their -ershape since their Queen Contest days.

Alexanders help make "Bye Bye Birdie" success

Wayne Alexander, a veteran in the Daly City fire department, takes on a new role on weekends at Oakland's California Playhouse.

Wayne, along with his wife, is busy in the promotion and production of "Bye Bye Birdie" in which their pert daughter Suzie plays the part of Ursula.

The play is a swiftly moving set of scenes in parody of Elvis Pressley's going away to the Army.

Jaime Gomez, a native of Venezuela, is a natural as the hip swinging, sneering Conrad Birdie.

Suzie Alexander, as Corad's biggest fan in his fan club, is the perfect "swoonie" type, all gushy with teen love foolishness, squeals, heaving bosom and wide open, expectant eyes.

Cliff Werden, does a capable job in choreography and song as Albert, Conrad's press agent. Strangely enough, Werden, who has aspirations in the play of becoming an English teacher, is an English teacher in real life.

Werden, a veteren of theatre work in Denver, Colorado, is complimented by Pat Carpenter, as his fiance Rose, who literally steals the show on several occasions with her vivacious energy.

A "typical American family" in the play, Don Renulli, as father and Virginia Buckner as mother, provide another seasoned pair which provide sound backing for a unusually talented hassle of teenagers, who help to make "Bye Bye Birdie, a worth while evening of entertainment.

LITTLE ARTISTS—These Crocker School first graders painted the pictures in the background which are hung in the hall of the school after a trip to the Westlake Shopping Center. Crocker Pupils Visit Market

The first grade students of the Crocker School paid a visit to the Westlake Food Center last week as the guests of Mr. Roy Pozzi, the market manager.

Mrs. Helen Ceragioli, the first grade teacher, toured the market with her charges from the loading dock, through the store to the check-out stands.

Upon returning to their classroom at the Crocker School, the first graders were eager and anxious to discuss their recent experience.

Principal Edward Mosconi said this trip provided a common experience for all of the children in the classroom.

This allows all the other children to know first hand what each child is talking about.

It gives the children the opportunity to express themselves while sharing this experience. Here we find children using a meaningful experience as a natural approach to the 3 R's, said Mosconi.

Mrs. Ceragioli is using this experience to teach very elementary ideas about geography, reading, writing, arithmetic and economics.

The children will have the opportunity to talk about numbers, locations, new ideas and new words.

Each child will understand what every other child is talking about and be able to participate in the discussion.

Local vets cautioned on home finance sales

Daly City and north San Mateo County veterans who sell their GI financed homes are being cautioned to apply to the Veterans Administration for release of their personal liability.

Officials in the San Francisco office of the VA are warning that failure to do this subjects the veteran to possible future indebtedness to the U.S. Government.

VA financed housing loans are increasing in Daly City and San Mateo County, say VA officers.

The VA has guaranteed some 38,000 home loans in San Mateo County since 1944, says Norton Beachel, loan guaranty officer in San Francisco.

Last year alone, says Beachel, over 850 loans were approved — an increase of four and half times the number approved in 1960.

With the large number of GI financed homes in the area and with the increase in new loans, resales of VA guaranteed homes are likely to increase, too, says Beachel.

Glenn Corbitt, Manager of VA's San Francisco Regional Office, explained that due to job transfers, need for larger homes and other personal reasons, veterans often found it necessary to dispose of their homes originally purchased with GI loans.

In 1956 Congress passed a law permitting the VA to release such veterans from further liability on their obligation provided VA approved of the buyer's credit and income, and further, provided the buyer agreed to assume the veteran's obligation and liability.

It is apparent, Corbitt says, that many veterans are unaware of this protection.

If the veteran fails to seek such a release when selling his home and the purchaser later defaults on the loan resulting in a claim against VA, the original veteran is liable to the government for any loss which VA may suffer.

Repayment of this debt, which can be a substantial amount, often creates a hardship on the veteran, who usually is not aware of his continuing liability.

It is possible, also, says Corbitt, that many real estate people are unfamiliar with this provision in the GI Bill and may not be properly counseling veterans in the sale of their homes.

Corbitt urges all veterans anticipating the sale of the GI homes to contact the Regional Office at 49 Fourth Street, San Francisco for further information, prior to entering into any sales agreement.

Letters to The Editor

Editor
Westlake Times and
The Record

Daly City, California

Dear Sir:

Please — can't something be done about the disgracefully poor bus service in Daly City? I'm referring to the Northgate Transit Company's inability to adhere to ANY time schedule.

This situation has recently become worse than ever before, and has caused my family, and all our friends and neighbors who have had occasion to rely on the bus line, to throw up their hands in utter despair!

Overcrowded buses, daily mechanical breakdowns and the resultant juggling of routes and time schedules have earned the Northgate Transit Company the title of THE NATION'S MOST UNDEPENDABLE AND EXASPERATING BUS LINE. Please — can the possibility of San Francisco's Muni system extending to Westlake, be taken "off the shelf" and given serious consideration once again?

What are the chances of Daly City maintaining its own bus line on the major routes? What possible excuse can such a fine growing community have for allowing such a situation to exist?

Anything your paper can do to call this to the attention of the entire community will be much appreciated by the bus-riding populace.

Thank you.

Sincerely,
Mrs. John J. Meehan

Dear Editor:

I would like to express my sincere thanks to your paper, and especially your columnist, Mona Baker. The articles she wrote about my high school reunion were a tremendous help.

The reunion was on a Saturday and over one hundred and fifty people came, including the man who was principal at the time, Dr. Hill.

Thank you again for helping to make the party a success.

Yours truly,
Marcia M. McGuirk, chairman, Lincoln High School reunion

The guest speaker will be Rabbi Herbert Morris, spiritual leader of Temple Judea.

All are invited to attend this dinner and to hear the Rabbi.

RIVER WITHOUT A MOUTH

The Mojave River, which runs along U.S. Highway 66, is a river without a mouth.

This strange river has its source in the springs and snow crevises of the San Bernardino Mountains and has no mouth since its waters are swallowed up in the sands of the desert.

Candle blessing will be done by Mrs. George Ribs and Mesdames Mary Flores, Leo Kroll, and Martin Rosenblatt will be hostesses for the Oneg Shabbat (social) following Services.

In describing the Jewish Holiday of Simchas Torah, Rabbi Herbert Morris, spiritual leader of Temple Judea, observed that "Simchas Torah is the rejoicing of the Law. Very frequently Judaism is ascribed as a religion of law. The Torah, the first five books of the Bible, contain much more than law for the Jew. Specifically, the word 'Torah' means instruction, guidance, or knowledge. The Torah is meant to be a guide book; a source of knowledge about man's contact to society.

On Sunday mornings, in addition to the two hour-long Sunday School sessnons for all ages from three years through high school age, there is the 9:30 Bible Study Class on the Book of Acts as led by Dr. Baird Whitlock, a church member and college professor, for adults and college age youth.

"Win with Christ" Baptist conv. theme

"Win With Christ" is the theme chosen by the Sunday School-Youth Board of the Baptist General Conference for its annual Sunday School Promotional program. Beginning Oct. 13 and going through Nov. 17, in the Conference churches of North America this emphasis will be made.

The 10 churches comprising the Northern California Baptist Conference are engagingg in an attendance contest, dividing into two leagues, the American and the National. Six teams go to make up the National League, and four teams the American League. Rev. Glenn Anderson, Pastor of the Willow Glen Baptist Church, is the League Commissioner, and will keep track of the scores and standings of the two leagues.

Bishops School of Religion next week

Episcopal Church men and women in the Daly City area will be attending the third annual Bishop's School of Religion to be held at Grace Cathedral four consecutive Monday mornings beginning Oct. 14.

"Facing Today's Disbelief" will be the theme for the lecture service, the speaker for which will be the Rev. George F. Tittmann, rector of St. Mark's Episcopal Church Berkeley.

In this series an attempt will be made to examine the perplexities felt by Christians as they live in this age of changing standards, intergroup tensions and rapidly increasing knowledge in all fields, all of which seem to challenge old certainties.

Mr. Tittmann came to the Bay Area in January, 1963, from Lake Forest, Ill., where he had been the rector of the Church of the Holy Spirit since 1956. Prior to that time he had served in churches in Virginia and Missouri. Mr. Tittmann is a member of the governing bodies of two Episcopal seminaries and was a lecturer in Liturgics at Virginia Theological Seminary. He is currently president of the Overseas Mission Society (Episcopal) and editor of the Overseas Mission Review as well as being the author of two books, "What Manner of Love" and "Is Religion Enough?"

The committee in charge of this program includes the Rev. Richard Shackell, adult section, department of education; Mrs. Wilfred Hodgkin, and Mrs. James Harrah, division of women's work.

Pledges fraternity

John Steven Folawn of Daly City this fall term pledged Pi Koppa Alpha at University of Oregon, Eugene, Oregon.

He was among 253 new pledges of 21 national fraternity chapters who completed their fall term rush week.

World Communion at Broadmoor Pres.

World-wide communion will be observed next Sunday, October 5th, at Broadmoor Presbyterian Church, with three services. Two will be at the normal morning worship hours, 9:30 and 11:00 a.m., and the third in the evennig, at 7:30 p.m.

This international observance, held yearly the first Sunday in October, began in 1936, to symbolize the unity of all churches throughout the world. Most Protestant congregations will similarly participate in communion services.

The Rev. Herbert Tweedie and the 12 ordained elders of the church will serve the elements to the congregation and choir. Child care is available at all services.

A series of 6 Communicants' Classes will be held on consecutive evenings commencing October 3rd, at 8:00 p.m. These classes serve to instruct prospective church members and current attendees in the history and law of the church, basic Christian doctrine, and their roles as active church members. Rev. Tweedie will conduct the one-hour long sessions.

The Mariners Club of the Broadmoor Presbyterian Church will host a members' dinner at the social hall on Saturday, October 5th at 8:00 p.m. Guest speakers at the meeting will be Bob and Neta Brownne of Christ Presbyterian Church in Terra Linda, near San Rafael. Their joint subject will be "Educating Adults for Christian Growth." Bill and Dale Powers are Skippers of the local couples' group.

Husbands to be guests of Lutheran women

Mrs. Marian Kraling, President of the American Lutheran Church Women, Westlake Lutheran Church, Avalon Dr. at Westmoor Ave., announced that the husbands will be invited to their regular meeting, Oct. 15, at 8 p.m., at the church.

"The Uncommitted," a thought provoking movie, will be shown, followed by a 20 minute discussion period.

A short business meeting will precede the film. The 1964 slate of officers will be presented by the nominating committee to be voted upon.

Plans are being made for the making of gifts or favors for the Villa Sanitarium.

Hostesses for the evening will be Mrs. Margaret Hammer and Mrs. De Cora Garden.

Traveler is Grace Chapel guest speaker

A series of special services beginning Oct. 13, at 11 o'clock will be held in the newly erected Grace Chapel at 100 Los Banos Avenue, Daly City.

Services will continue through Sunday, Oct. 20, every evening except Monday and Saturday, with the Rev. Billy Lewis as guest speaker.

Rev. Lewis is a well known minister who has travelled in the United States, Canada, and Great Britain.

Rev. Lewis has an attractive tenor voice which never fails to thrill his audiences. His ministry of the Word is fundamental, an interesting, says Rev. Birger Thorness.

Mrs. Evelyn Thorness will participate in the program as organist and vocal soloist.

Mrs. Thorness has appeared as a concert artist in the United States, Canada, and Europe, and is well known in religious circles.

She received her vocal training from Lilliam McQuinlan in New York, Professor Von Erkepum Semb of Oslo, Norway, and Professor Stavinsky of Hungary.

Services are held Sunday at 11 a.m. and 7 p.m. and Tuesday through Friday at 7:45 p.m.

Jeff drops third; Rams come back

Jefferson still not off ground

The Jefferson Indians did it again last Friday.

They lost.

And, Coach Joe McGrath is not happy.

He is not happy with the 32-14 trampling the Polytechnic High School Parrots of San Francisco gave his Indian boys in a game on the Jefferson field.

He was distinctly heard to mutter, "I'll be glad when they start to play football."

He was supremely distressed with the performance of the first half.

He frequently expressed the hope that they (the Indians) knew what they were out there for.

McGrath appeared to be not too sure.

But, to give credit where it is due, a slight perking up in the third quarter and two touchdowns and PAT's in the final showed that there was a little something there.

Indian fullback Ray Durham made a four-yard run for the first TD.

He was backed up by a PAT pass from qb Don Fisicaro to end Ed Larios.

Halfback Wayne White ran the second TD over the goal line with a three yard sprint that ended with White at the bottom of a pile of Parrots.

Don Fisicaro made that extra point with another run.

Otherwise, Poly outplayed Jefferson in every department.

They gained 277 rushing yards over the Indians' 101 and netted 34 yards passing against Jeff's 21.

Their first two touchdowns came within minutes of the opening whistle and fell hard and fast after that.

McGrath says tackling (or, rather, lack of it) seems to be one of the Indians' weak spots.

And, he says he's going to do something about it.

"Maybe we won't do anything but tackle in our practice," said the NPL football dean grimly after last Friday's encounter.

Jefferson goes to the high mountains this Saturday to tackle Tahoe City.

PUNTER — Indian Paul Howe, No. 82, punts from deep in his own territory during the Jefferson-Poly High match Friday. The 156 pound end got off a good one.

Rams edge Panthers

Westmoor squeezed by formerly undefeated Burlingame last week to take the visiting Panthers 28-27.

The much talked about Burlingame defense relaxed long enough and fatally enough to put the Rams back in the running for the North Peninsula League title.

Things were looking bleak in the Rams' yard after the Sept. 27 resounding defeat by Riordan with the "best in state" classification far, far gone.

The Rams needed this win, even if it was only a squeezer.

And, like they do so often, they are talking about the football of Bruce Hix.

Pete Matisi, chief guide for the Westmoor squad, however, had some good things to say about Dan Hartman and end Marc Mallinger.

When the first half ended with Burlingame ahead, Westmoor was forced to take the initiative in the second long period.

They took it because of some good ball playing by Mallinger, fullback Dave Mahoney, Hartman, and John Price.

Hix and Mallinger accounted for the two TD's in the third quarter that put Westmoor back in business.

And, it was Hix and Mallinger that put the fourth touchdown on the scoreboard in the last two minutes of play.

And, it was Hix and Mallinger when Hix sent a lob into the bulky end's arms that connected for pay dirt . . . that all important one point.

John Price is credited with holding the game for Westmoor during a last minute Panther rally when he snatched a Burlingame air try.

Westmoor kept the ball until the gun.

The Rams go to Serra for a 3 p.m. fracas this Friday.

Westmoor trackmen down TN

By Bill Mulcrevy

Westmoor distance men scored a 23 to 33 victory over Terra Nova, last year's league champions, on TN's course, Oct. 3.

Leading the Ram varsity in their first league meet of the season were Junior Bob Beukers, and Senior Dennis Tracy in the first and second positions with times of 9:39 and 9:40. Chris Bravos and Milo Torres followed close behind in fourth and fifth with clockings of 9:44 and 9:48. Ed Raymond wrapped up the scoring taking the 11 spot in 10:14.

Ram sophs won their share in the glory by defeating a tough Terra Nova squad 26-31.

Jerry Palmer placed first with a time of 10:18 over the same 1.8 mile. Blackfield followed in the next fourth position in 10:38. Simonovich, Brown and Herald combined for sixth, seventh and eighth spots for the victory.

Westmoor men ran into a strong Terra Nova team in the J. V. race and were beaten by a 25-34 score.

Stan Nelson and Bob Teuscher ran side by side, taking second and third in 10:59 and 11:00 respectively. Larry Pettit was next across the line in the sixth position; Ram men hit a dry spot and failed to put a man across the finish line until Slavin and Green came in at 14 and 15.

Westmoor's strong freshman team trounced Terra Nova 15-45.

Rams scored a clean sweep placing the first five men across the finish line. Bill Slocum placed first with a 9:32. Warmouth, Bundros, MacLane, Maye and Molina placed second through sixth to give the Ram squad their perfect score of 15.

TN Tigers get mauled by Eden;

Terra Nova suffered a sickening football defeat at the hands, arms and legs of Mt. Eden on home ground Friday. 53-0.

The worst in their history.

Terra Nova managed a small 4 yards rushing and a trivial 39 yards in four successful attempts out of 12 tries passing.

Mt. Eden rushed 194 yards against the Tiger line and bombarded Terra Nova for 150 yards through the air.

Disaster struck the Tigers early in the game and kept striking at deadly intervals all the way through.

Two touchdowns were scored against them in the first quarter, four in the second, and then it all tapered off to one each during the third and fourth.

Terra Nova goes against Capuchino there on Friday.

OLPH Golds edge Angel Colts 7-0

The Recreation Department's annual 6th grade football league started this year with a big win for the OLPH Golds. The Golds edged out the Holy Angels Colts in spite of the efforts of Tom Vasile, Dana Marcus and Paul Roma. Roger De Virgilio broke up the ball game with a 25-yard touchdown run for the Golds. Mike "Iron" Bender led the OLPH defenders who kept the Colts in the corral in the 7-0 win.

Rich Brewer's PAL Eagles (last year's 5th grade champions) look like they might pull of fthe hat trick again this year on their first performance. This week they defeated the PAL Jets by a score of 32-0. The Jets are a far better team than the score indicates and they will win their share of ball games this year. Several Jet scoring threats failed due to bad breaks but credit must be given to Ricky "The Wall" Berger and his marvelous monsters who spent most of the afternoon in the Jet backfield. Eagle scoring started when Fred Balletta rambled 20 yards for a TD. Butch Bonavito ran over the PAT. Balletto next went 85 yards on a TD sprint. Larry Beltrage took his turn next and returned a punt 45 yards for a score. Bonavito ran for the PAT. Bonavito scored the next one on a 35-yard run. The last score came when Balletto passed a short one to Beltrage and Bonavito ran over his third PAT. Eagle blocking was something to see as they made running easy for the backfield men.

The PAL Raiders sat out this week with a bye.

New plastic fish device

A new bait fishing device nd bait saver has ben developed in Daly City by Bill Walker of R & B Walker ompany.

Walker, who has been in he fishing tackle business for everal years, said "I think it 'ill revolutionize live bait fishng."

During the test period of his device, it has been proven everal fish can be taken on and the live bait inside will emain alive.

The device is transparent lastic and holds the minnow nside, thus showing an active ve minnow action. Water asses through the device by ent holes in front and back. Hooks are secured at appropriate locations.

Walker said the device will ave considerable cost on live ait. Fishermen will not have o be constantly baiting and e-baiting the hook.

He also explained that a isherman need not depend on mitated action for the simple eason that as long as water s passing through this conainer, the minnow is in a coninuous swimming action, herefore providing true, natural action.

In the model not vented for vater, ants, or any natural ait the fish are feeding on nay be used.

Also, the large model can e "loaded" with six to 10 mall minnows for striper olling and has been extremely successful when fished in hat manner.

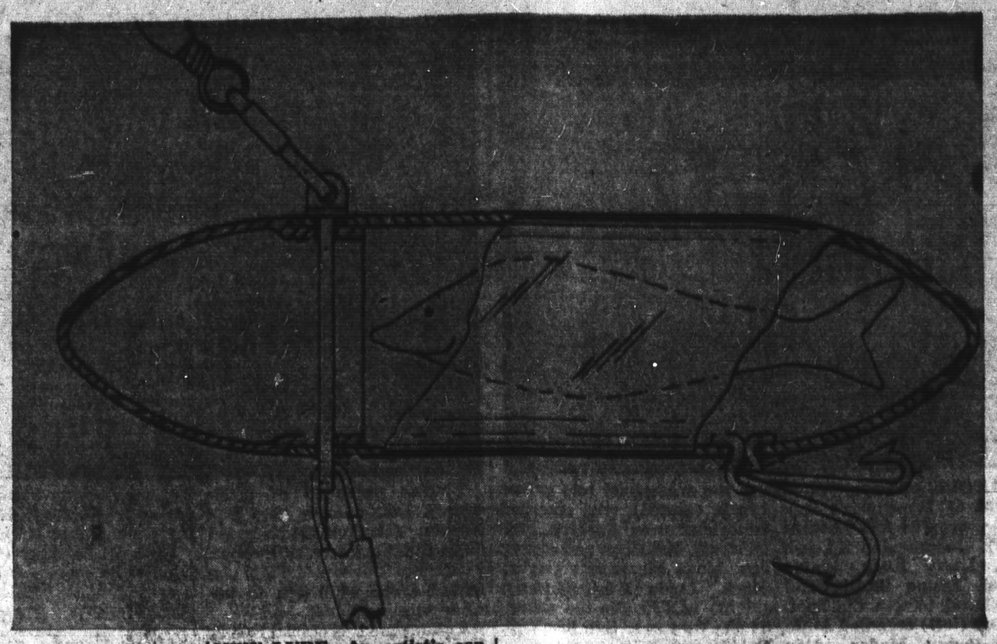
"This should go over all ver the United States, anywhere they use minnows," Walker said.

The device will be made in our sizes, small, medium, arge and extra large, to accommodate all kinds of fish, oth fresh and salt water.

Walker has received a patent protection on his device and is at present securing foreign patent applications.

Method of marketing this new device is still undecided by the company because offers have been made by other manufacturers wishing to purchase manufacturing rights.

At the present time, the Walker Company has a steelhead lure that is proving to be most successful. It is called a "Gooey Getter" and is manufactured in red, orange and chartreuse colors. They have milking action in the water because they are saturated with fish oil.



NEW LURE—An artist's conception of Bill Walker's baiting saving lure, developed in Daly City by H&B Walker Company. The minnow is encased inside a plastic shell. The lure will save baiting and re-baiting the hooks, Walker said.

Wildcats, Brave teams in action

First game in the Department of Recreation's 7th grade touch football league was a tremendous defensive battle between the OLPH Wilcats and the PAL Braves. Coaches George Ambrosio of the Wildcats and Paul Campion of the Braves can well be proud of the efforts of their players. The see-saw battle was decided by a 10-yard pass from Mike Guglielmoni to Ed Sweitzer for a TD. A few seconds later the same combination accounted for the PAT. Dean Jacketta was singled out for his tremendous play at defensive end. Time and time again Jacketta broke up Brave plays. Wildcats 7, Braves 0.

The BYA Bender Rookie Cats did not get an opportunity to show their stuff as their opponents, the Holy Angels Titans, failed to show up for the game. PAL Vikings sat this week out with a bye.

In the 8th grade league, the Holy Angels Giants outscored the OLPH Steamrollers by one touchdown. Defensive standouts Jeff Cockran and Ralph Velez were major factors in the Giants' triumph. Giant QB Ralph Fonseca scored both touchdowns for his team. Giants 13, Steamrollers 7.

Serra Bowl News

The biggest news this week at Serra is the topflight shooting done by gals in evening ladies and mixed competition.

In the Tuesday night MAJORETTES league Louise Yaquinto blasted a 606 series which included a towering 280 single game. Unless further research unearths a previous higher tally this will stand as the highest game ever bowled at Serra by a member of the fairer sex. A miss in the second frame eliminated all possibility of a "300" game but there were still plenty of thrills in store for bowlers and spectators alike watching Louise finish out with a string of ten-in-a-row.

Bev Cronin led the ladies in the Friday night PARKMERCED loop with a fine 215-573 effort which on any other weeks bowling would probably have led the distaff division of the scoring roundup.

The Serra mens' league can also boast of many a high score this week in team play.

Barney Crosby rolled the top total in AUTOMOTIVE league play Wednesday night tossing a glittering 633 series including a terrific 268 middle stanza. This is the second straight week that Barney has been high roller in this loop and his scores keep climing!

Jim Hore tallied a strong 214-622 series to lead the Padres in a 3-0 sweep over Santa Marias in KNIGHTS OF COLUMBUS league play Wednesday night.

LIONS league action was highlighted by the sharpshooting of Joe Warren who rolled a classy 211-580 trio which helped his team #16 to a 3-0 win over team #5 this week.

Top spot in Serra's weekly "NO-TAP" tourny was captured this week by Marie Rattto with her fancy 717 total. This is an event for girls only and runs daily from 9:00 a.m. to 4:30 p.m. with cash payoffs every Friday afternoon.

Other league highlights: SAFEWAY—Gino Calderoni, 203-567; SUNDAY COCKTAIL—Don Girdler, 230-528; FORESTERS—Lee Micheletti, 215-624; ST. FRANCIS—Jay Belarde, 225-581; METROPOLITAN MIXED—George Dahl, 209-575.

Action begins in 5th grade touch football

Opening action in the annual 5th grade Touch Football League organized by the Daly City Recreation Department began last Saturday at Westlake Park. Enthusiastic and spirited play marked the opening games. Harvey Glass' BYA Renegades opened the season with a win over Mongo Luciano's BYA Blues. The combination of Jeff Ferrar to Mark Mannina via the air was too much for the Blues. Ferrar struck twice, once for 40 yards and again for 30 yards. Both bombs were gathered in by Mannina and good for TDs. Final: Renegades 12 Blues 0. In the second scheduled game, the Holy Angels Lions forfeited to the strong OLPH Bugs so their star Tim Denning did not get an opportunity to show the ability that may make him the most valuable player in the league. The Lion coach was taken sick and could not get his team to the game. This forfeit will set the Lions back but every team in the league should lose one or two games due to the equality in strength of all the clubs. All may not be lost for the Lions. George Pedroni's PAL Tigers met up with Mike Egan's PAL Cougars in a real cat fight. When the fur stopped flying, the Tigers were winners 7-0 but they had some real big chunks out of their hides. Smokey Morton was the big hero for the Tigers going 53 yards for the TD. Vince Haymaker ran over the PAT. Kim Blake, Doug Hopp and Jerry Hess and the Egan brothers made the Tigers earn their win. Don Proctor and Mike Gore were the strength of the Tiger line.

Jim Wyatt's PAL Pirates showed a lot of offensive strength in defeating Ron Kruger's PAL Rams. The Pirates opened with a dazzling punt return by Teddy Grey for a TD. Grey then chalked up another score on a reverse. Billy Sherbert got into the act with a pass to Dennis Cronin for the 3rd TD. Jack Hashton tossed to Jim Wyatt for the PAT. Mike Lucchesi and Jim McGill proved to be two of the reasons the Rams could not make the scoring column as they led the Pirate defense. Big Al Obringer, Robin Crawford, Tom Price and Scott Caldwell showed promise for the Rams.

Franklin ties Parkway in touch contest

The second contest of the Benjamin Franklin Touch Football League saw Benjamin Franklin and Parkway (S.S.F.) play to a 12-12 tie.

Parkway opened the scoring with a 25 yard run by their tailback who made both of his team's touchdowns. The conversion failed.

Benjamin Franklin tied in the second quarter on a pass from quarterback Mario Sandoval to end Grady Proctor who ran the ball into the endzone. The play totaled 37 yards. The conversion failed.

In the second half with the score tied 6-6, Parkway went into the lead on a run around left end, the conversion failed and Parkway led 12-6.

With only a minute left in the game, Benjamin Franklin scored on a pass from Mario Sandoval to Bob Stillwell in the endzone for the 12-12 tie. The conversion failed.

Outstanding defense men for Benjamin Franklin were Don Welden, Bill Basnett and Dan Siacotes.

Benjamin Franklin will host Engvall School from San Bruno this Friday.

Sport of football ancient

(EDITOR'S NOTE: This is the first in a series of articles on the history of football. Others will appear in subsequent issues.)

No game demands more teamwork strength, courage and alertness or provides a more thrilling spectacle than football—king of autumn high school sports in Daly City and the northern peninsula and across the nation.

It's a safe bet that few games have as lively a history.

Football is an ancient sport. A game called **harpaston** was played by the Spartans as early as 500 B.C. In this game a ball was kicked, passed, or carried across the opponents' goal line, according to researchers for Compton's Pictured Encyclopedia.

Strikingly similar to a modern football was the **follis**, used in Roman games. It was made of leather and inflated with air, but evidently was propelled by foot, not by hand and arm.

A game called **calcio**, a modified form of harpaston, enlivened medieval tournaments in Italy. The players, 27 on a team, used line and backfield formations similar to those of football today. Princes, soldiers, and "the noble ladies and the people" cheered for their favorites.

A brawl-like kind of football was played in England as early as the 10th century and by the 12th it had become a national problem. The game was making London a bedlam. In addition, it was diverting yeomen from archery, the sport that fitted them to defend England. Hence football was banned by municipal laws and royal edicts beginning in 1365 when Edward III decided to prohibit the game for military reasons.

Football was not fully reinstated until the 17th century when Charles II allowed many diversions formerly prohibited. A survey published in 1602 recorded that goals were set three or four miles apart and two or three parishes united to play others in games that sprawled over the countryside. **(The next in this series will tell about "Rugby," parent of interschool football in the U.S.)**

The 839 Scratch Classic again produced some of the high scores of the week led by Joe Nessinger with a 219 game and 638 series. Larry Robeson shot the high game of the week with a big 243 effort on his way to a 608 series.

Tom Millane and Helen Nelson were the week's leaders in the 99'ers Mixed Fives as Tom rolled a 234 game and 577 series while Helen led the ladies with 174 and 474.

The Tuesday morning A-1 Invitational League found Flo Bertsch taking both high game and high series as she bowled 179 and 505. The split converters were busy, led by Angie Cestone and Glenys Glen who picked up the difficult 6-7. Juanita Cisneros converted the 5-9-10 and Doris Cunningham the 3-5-10.

Ken Hoffman topped the 200 mark as he led the Country Club Handicap with a 209 game and a 567 series.

It was all fives for Mercedes Johnson as she led the Ladies' 810 Scratch with a 555 series on a 188 high game.

Ross Guleb missed the coveted 700 Club by one pin as he led the Petersen Point Singles Classic for the week. With 236 in the first game and 242 in his second game, Ross pointed for the 700 mark and rolled an excellent 242 game only to fall one pin short of his goal.

In the same league, Norman Baldelli upheld the honor of the fairer sex as she rolled games of 206, 223 and 181 for a 610 total and thus became one of the few female members of the Westlake 600 Club.

Sunday evening continues to be fun time at Westlake as more and more bowlers, both men and women, are on hand to compete in the Sunday Fun Time. Jackpots carried over from last Sunday night are: First game, $15.90; second game, $13.10, and third game, $23.40.

As usual, $1 will be paid for each red headpin strike plus cash prizes for high scores.

Polly and Gil Kane proved that bowling is a family trait with them. Monday night Gil topped the Blue Monday Scratch League with a 207 game and 608 series then on Tuesday afternoon wife Polly led the Tea Timers with a 482 series. Peg McMurtry took high game in the Tea Timers with a 178 total.

Bowler of the week in the Native Sons League was Frank LaGrave as he led the pin parade with a big 230 game and 604 series.

Brightest of the Starliters for the week was Doris Sailus as she led the ladies with a 179 game and 487 series.

Yvonne McCambridge took high series honors in the Tuesday morning YWCA League as she posted a 449 three game total. High game honors went to Peg Miller for her 159 game.

HS district issues bus pass

Jefferson, Westmoor and Terra Nova students living more than two miles from school will be issued bus passes this week.

The move became necessary when the Jefferson Union high school district, partially reimbursed by the state for transporting pupils residing more than two miles from school, found that others, walking to bus stops, made hiring additional transportation necessary.

Effective when passes are issued, only students entitled under district policy to transportation (those living in single community areas, such as Brisbane or Vallemar, and those possessing passes) will be permitted to ride school busses.

Boy Scout troop 84 Halloween candy sale

Are you ready to greet the goblins, witches, ghosts, skeletons, angels and the "trick-or-treat" kids on Halloween night? The Boy Scouts of Troop 84 would like to help you prepare for the festive occasion by sponsoring a huge sale of individually wrapped, variety packed bags of delicious, delightful Halloween-oriented candies on Saturday, Oct. 12.

The candy sale will cover Broadmoor, Garden Village, Westlake and St. Francis Heights areas. Proceeds from the sale will be used to carry out the worthy program of Scout activities such as camping trips, field trips and other events. Prizes will be awarded to those who are most successful in selling the candies. Jack Morris and Roy Uyehata are in charge of the candy sale committee.

When the Boy Scouts of Troop 84 greet you on Saturday, Oct. 12, will you think of their civic-minded purpose as well as the merit of the candy?

11 Westmoor scholarship group members

By Sue Sherman

Life membership in the California Scholarship Federation is anticipated by eleven Westmoor High School seniors, six girls and five boys, this year.

To receive this honor, students must earn CSF membership four out of their last six semesters, one of which must occur in the senior year. Qualification for membership is ten semester grade points, with an "A" equal to three points, and a "B" equal to one, with no D's or F's.

Prospective life members include John Cuniberti, Jim Fotenos, Denise Jamin, Lynn Jones, and Linda Long.

Other hopeful students are James Moses, Don Ritzman, Sherry Rosen, Sue Sherman, Diana Stipelkovich, and Ron Swedberg.

Life membership entitles the recipient to a gold seal imprinted on his diploma and high school records. This seal entitles the student to special privileges at college and in the working field.

Leading their respective classes in scholastic ability, 25 sophomores, 13 juniors, and 13 seniors have joined the honor society this fall.

Adviser Miss Evelyn Slater announces a field trip which the group will take in mid-October to tour the University of California in Berkeley.

Vista Mar parents hear learning concepts

"What are the learnings, concepts, units of experiences and disciplines which my child will experience this school year at his particular grade level?"

This question was answered for parents on Tuesday evening, Oct. 8, 1963, as the many hundred parents attended individual classroom presentations of the goals, objectives and concepts of the grade year's work.

Parents were taken through the day's program sequence and given a sample of the state text writing guide, should they wish to do remedial work with children at home.

From A Feminine Viewpoint...

By Mona Baker

The tiny baby lay quietly, breathing with difficulty. n the telephone the doctor had said "bring him to the arest hospital, a few minutes may make a difference." t the nearest hospital was almost a half-hour's drive way. IF ONLY, the frantic mother thought to herself, had a hospital close.

Gently the doctor broke the news. "Your mother ight have lived if you could have brought her to the ospital sooner." IF ONLY there were a hospital located ear.

The small neighbor boy was bleeding badly, injured hile riding his bicycle. "We will have to get him to the ospital soon," the ambulance driver said. IF ONLY the ospital was right close by.

These are not true cases, but they could happen ght here in our area because it has been designated as ne of the really critical areas in the state in need of a ospital.

Because of this critical need the Daughters of Char- y of St. Vincent de Paul are building the new Mary's elp Hospital in Daly City. The new hospital will be one f the most beautiful and modern hospitals in the Bay rea when completed.

However, to complete the hospital to 400 beds more nds are urgently needed.

During the next couple of weeks, community vol- nteers will be going door to door asking for donations.

Won't you open your door and your heart and give enerously. Or if you can't give money, won't you vol- nteer your services to help with the drive.

We know the women in our area will respond. Send our donations to Mary's Help Fund Headquarters, Box 145, Daly City, or to volunteer, telephone WY 2-4130.

For that tiny sick baby, that precious old mother, hat little neighborhood boy, no one will have to say IF ONLY—.

Our community leader this week deserves a salute rom the entire community because she is one of the ost dedicated workers in Mary's Help Hospital Guild vho have pledged $50,000 towards the new hospital.

A busy mother with six youngsters she still finds ime to devote to her community.

She has been an active member of the hospital guild or eight years serving in various offices. This year she s the new president. She has worked as a volunteer in he hospital gift shop and also gives time to Laguna Honda Home.

Active in Our Lady of Mercy Church, she was chair- an of last year's fashion show and this year will be March of Dimes chairman.

She also has devoted time to Cub Scouts serving as Den Mother for two years. To all community fund drives she has given a helping hand.

We salute Mary Neagle as our community leader of the week. The Neagle family, husband Paul, and six youngsters (Tom, Tim, David, Ann, Mark, Claire) live at 602 Southgate and have been residents of Westlake for nine years.

Calling all mothers of pre-schoolers! Is your busy little tot almost ready for school but too young for kindergarten? Have you thought about sending him to nursery school? The Village Cooperative Nursery School has some openings because a number of families who were enrolled moved away. The gaily decorated school, located at 474 N. Park view in Daly City, is a most delightful place for the tricycle set. The youngsters, ranging in age from 2½ to kindergarten, have a full and stimulating week of nursery school activities. Mothers are required to give one morning a week to working at the school and one evening for parent education classes. To welcome new parents the group is planning a get-acquainted night (Oct. 26) featuring an Italian pot-luck dinner. For information about the school, telephone Marge Mathers at WY 2-5298.

Speaking of the younger set and their acivities, remember the date Oct. 25 when Abraham Lincoln PTA will hold their annual carnival. This year's affair is bigger and better with more booths, more food and yes, even "Mr. Ragmuffin," the clown. Scheduled to begin at six o'clock, why not bring the family, have dinner and plan to spend the evening. Reminder: advance ticket sale on 14th and 15th at the school.

SOCIAL WHIRL: Truly one of the highlights of the fall social season will be the Mercy Ball on Oct. 19 given by Westlake Catholic Women at the California Golf and Country Club. The decorations will be exotic—lemon leaves, brilliant antherium, tropical leaves. The gowns will be breathtaking because many guests will be wearing the new full length formals. The music will be "danceable" featuring Ray Hackett's orchestra. Altogether it promises to be a most delightful evening.

Catholic Daughters talk objectives

Who are the Catholic Daughters of America? What is the objective of the organization, its scope, its program?

With the coming initiation of new members to Court St. Mary No. 1155, C.D.A on October 17, a review of the origin and purposes of this organization is fitting.

The Catholic Daughters of America was organized in 1903 by the Supreme Council of the Knights of Columbus in Utica, New York, with a membership of 60.

The aims—for the moral, spiritual, and intellectual development of Catholic womanhood; for charitable and benevolent purposes; for the propagation of the faith and intensification of patriotism, as the name implies.

Now the largest organization of Catholic women in the world with 1,499 courts and a membership of 225,000, it is established in the United States, Alaska, Puerto Rico, Panama, and Cuba.

Miss Margaret Buckley, Chevy Chase, Maryland, is the Supreme Regent. Headquarters are in New York.

The Catholic Daughters have given over $33,000,000 in charitable and religious donations since 1920. A quarter million went to the National Shrine of the Immaculate Conception in Washington for five apsidal altars. In June $50,000 was given to Cardinal Cushing of Boston, for the development of the Church's program in Latin America.

As National observes its 60th anniversary, so the California State Court observes its 40th, presently under the leadership of Mrs. Fred Wettstein, San Francisco, State Regent, a member of Ct. St. Mary. The Rev. Matthew P Sullivan, Daly City, is State Chaplain.

There are 137 courts in the state, with a membership of 16,000.

A "California CDA Home" for retired members will be built in Salinas. The land has been purchased and paid for. It is hoped groundbreaking can take place early in 1964. Every court in the state contributes to this project.

With the Cross and Crown as their emblem and "Unity and Charity" their motto, the scope of activities has no limitations.

Each court maps its own work commensurate with locality needs, always abiding with the Hierarchy and pastors wishes, they assist them wherever asked.

Ten phases constitute the program—Education, including the sponsoring of poetry and essay contests in schools; Legislation, emphasizing the importance of understanding, respecting and supporting our national ideals and American standards; Social Welfare, with emphasis on charity, concern for the poor, sick and needy.

World Missions are doing a vast amount of work on both home and foreign fronts,, making first Communion outfits, vestments, and altar linens. They donate layettes to the Pope's warehouse, among countless other efforts.

Confraternity and Vocations; Share The Faith; Public Relations; Extension and protecting particularly the youth from harmful influences of pornography and the like—Women for Decency, a phase just established.

Interest in the youth program is manifested in the Junior Catholic Daughters of America—those girls from 12 to 18 years and also Juniorettes, for girls 9, 10 and 11.

Mrs. Edw. Denning, Extension chairman for Ct. St. Mary, may be reached at PL 5-4946 for more pertinent information.

YWCA goes ahead with fall show

Preparations for the first YWCA fall season fashion show, scheduled for Nov. 7, began last Thursday.

More than 50 members attended the annual committee sign-up meeting and fashion model training session, according to Mrs. Robert Washford, fashion show committee chairman.

Mrs. Michael Orlich and Mrs. Edward Odenthal will again serve as model coordinators, Mrs. John Kornachrens will be chairman of the decorations and favors committee and Mrs. Albert McGuirk will be chairman to committee in charge of posters and illustrations.

"The committee leaders met in my home on Monday," Mrs. Washford announced, "and during the committee chairman's conference it was decided that, while we have a good staff of models and committee workers, we could make use of still more volunteers."

"For example," she said, "in years past we have learned that there is always a need for more half size models and the clerical load on the volunteer typists is greatly reduced if we can obtain a large group of typists.

"We have have inquiries from people who weren't able to be at last Thursday's meeting, who think they would like to help but aren't sure they are eligible because they missed the meeting. While we wanted everyone to be on hand for the organizational session, it was not a prerequisite to volunteering," Mrs. Washford went on.

"If interested women will call me at WY 2-0437 I'll be happy to put them in touch with the committee chairmen they are willing to help," Mrs. Washford said.

AN IMPORTANT ROLE—The Albert McGuirks of Daly City were filmed Oct. 7 on "Assignment Four" KRON-TV. Exploring the changing need of charities, "The changing need" illustrates the premise that charities are no longer for the needy only. The McGuirk family are seen showing how one Crusade agency, the San Mateo YWCA, plays an important role in the family's daily life. Husband and wife attend a class, children are enrolled in a nursery school creative play group; the mother, who worked as a volunteer in this program, now heads program planning.

TV and RADIO

By Mona Baker

One, two, three, bend—if you are feeling lazy in the morning tune in on Jack La Lanne exercise show now seen over KTVU at 10:30 a.m.

You may begin watching by sitting in a chair, but soon you'll find yourself joining in.

There is something contagious about Jack's zest for living and enthusiasm that comes right out through the television screen.

In person Jack is just as dedicated and enthusiastic about exercising. In fine physical condition he is a walking example of "practicing what he preaches".

He and his charming wife, Elaine, entertained the Bay Area press at lunch and most of the conversation was devoted to discussing the value of daily exercise and good nutrition.

A signal honor has come to Jack. He has just been appointed special consultant on President Kennedy's Adult Physical Fitness Council.

He said he will be traveling around the country lecturing at universities and before other educational as well as medical groups, stressing the value of physical fitness for adults.

The La Lannes have a small son, Jon Allen, age 2½. Elaine told us that he has a skin diving suit and swims like a fish.

Jack showed us a beautifully illustrated book printed by the U.S. government on the subject of adult physical fitness. It certainly would be useful for every member of the family.

Westmoorites turn out for first dance

By Sue Sherman

Entering the boys' gym on Friday night, Oct. 4, were 737 Westmoorites who came to insure the success of the first dance of the year—Ramrock VII.

Admission, free to student body card holders, required that only tennis shoes or socks be worn on the gym floor.

School spirit, shown that afternoon at a home football game against Burlingame, was transferred to the gym in the form of white Westmoor pennants and a large green burlap sign welcoming the Rams.

Clothed in school attire, Westmoor High School students danced on a semi-dark floor, as the only lights on were limited to those over the bleachers.

Olympia youngsters visit Woodside store

The Olympia youngsters from Mrs. Lamp's and Mrs. Mattson's third grades visited the Woodside Store and Huddart Park on Oct. 2.

The children were especially interested in Woodside Store, their last "Mystery Spot." Each week the children have to find a 'Mystery Spot" in the Greater Bay Area. By following clues and consulting maps, pictures and parents they try to discover spots of interest around the bay.

At Woodside Store they observed many tools and household articles used 100 years ago by the lumbermen and early settlers of San Mateo County. They also noticed the many uses of redwood and some pioneer construction methods.

Following lunch eaten in a redwood grove at Huddart Park, they hiked along a nature trail. Here they saw many examples of the different trees, plants and birds native to a redwood forest area. They also saw areas cut by running water, an area scarred by forest fire and an area planted with young trees.

The children have returned with enthusiasm to work in their committees on the natural environment of their county.

The classes were accompanied by Mrs. H. Glass, Miss M. Davi and Mr. V. Cortese.

What Every Woman Should Know About Her Automobile

By WENDY WHEELER
Auto-Torium Feminine Driving Consultant

"SCHOOL DAYS ARE HERE AGAIN"

Did You . . . like me . . . breathe a small sigh of relief on the first day of school? After all the rush of pre-school medical checkups, filling in the holes in the new school wardrobe, etc., the quiet is pleasant.

One thing we mothers are apt to overlook in all the pre-school rush is educating our children with regard to traffic safety. We are all aware that school is again in session and drive even more carefully, but do the children realize they have an obligation to observe certain rules of the road? Sometimes, when a bicycle swerves in front of my car . . . or a child darts across the road, I rather doubt it.

I bought some Scotchlite reflective trim and decorated my youngster's bike . . . he thinks it's very fancy and I'm more comfortable knowing he'll stand out on wet, foggy days or if he's coming home late at dusk. Matter of fact, I even edged his rain slicker and rain hat with the same reflective trim. It makes it easier for him to identify his own rain togs too!

Why not check around your Auto-Torium store . . . it's amazing what's on the market now that can be utilized to protect not only your automobile, but your child.

If you drive your children to school, seat belts are definitely in order. Not only in case of accident, but it makes them stay in one place . . . it's really cut down on the back seat fistfights since we've had ours installed.

Above all, make sure your children do actually stop, and look both ways, before they cross any street, and cross with the light when there is one.

If we drivers do our part . . . and our children do their part . . . there will be fewer tragic, needless accidents this school year.

Colma K-6 holdst 1st council

Colma K-6 School held its first Student Council meeting of the year to elect its president and secretary.

Kenneth Jensen, 4th grade, was chosen council president and Don Durham, also in the fourth grade, was elected secretary.

The council discusses various problems within the school, such as playground or cafeteria behavior, and suggests ways these can be solved.

Each class elects a representative and an alternate at the beginning of the school year. The children feel that it is an honor and responsibility to represent their class in the council.

Mrs. Zenovich, the school principal, attends the weekly meeting and acts as advisor to the group.

Twenty-four boys and girls from the twelve first through fourth grade classes have been chosen as representatives and alternates this year.

First grade representatives are Jon IsCour, Kristie Rolling, and Bruce Howe, with Steven Coccellato, Violet Verzola, and Dorothy Geier acting as alternates. From the second grade classes Maureen Madden, Eileen Smith, and Bonnie Yarosa were chosen representatives. Also from this grade are Alex Senica, Craig Rolling, and Joe Martin as alternates.

The three representatives from the third grade are Tommy French, Craig Kaleiki, and David Foppiano. Debbie McClure, Gwen Jones and Arabella Gan are the alternates.

Fourth grade representatives are Don Durham, David Hill and Kenneth Jensen. Herbert Varley, Dennis Wood, and Evelyn Healey were chosen as alternates.

New vehicle laws affect 'campers'

The state is catching up with the "camper" craze — the practice of attaching popular camping units to pickup trucks.

On Sept. 20, law changes go into effect that give the Department of Motor Vehicles a clear directive to decide whether individual vehicles require commercial or passenger car registration.

Some owners of these campers should apply immediately for a correction of vehicle registration at the nearest DMV office.

The key as to whether the vehicle requires commercial or passenger car license plates depends on whether camper bodies are attached permanently or temporarily to pickups.

Pickups with camper bodies permanently attached will be classified as passenger cars for vehicle registration purposes. In this category, the vehicles will be defined as "House Cars," which is shown on registration cards as HSCR.

As house cars, the vehicles are not subject to commercial weight fees, but will be subject to vehicle license fees based on the assessed valuation of the camper body in addition to registration and vehicle license fees for the pickup.

Pickups with camper bodies temporarily attached will be classified as commercial vehicles, which are designated PUCP on registration cards.

D. Webster school news

The Daniel Webster teaching staff met with H. Z. Weigel, principal, to plan further for the year's activities.

The assembly singing which proved popular with both pupils and teachers last year will be repeated with Miss Nancy Palmer and Mrs. Barbara Schwartz directing the group.

The classroom pictures the PTA purchased for the school last year are being used in art appreciation for all the rooms. The collection consists of framed prints of famous pictures.

The all-school theme "Science" selected by the school last spring for the present year is in the process of development. The theme will culminate a science exhibit in March at the regular PTA meeting.

Study trips by various classes are scheduled. Among the places to be visited are San Bruno Mountain, Port of Redwood City, the Livestock show, the Acquarium, the Q.F.I. store in Millbrae, Mission Dolores, the Cliff House, International Airport and the American President Lines. Pre-planning for a trip makes the visit more meaningful.

The pupils in Mrs. D'Andrea's fourth grade class recently started a study of insects. For several days the children could be observed studiously roaming the hillsides and weed patches searching for specimens. The "new math" is reeciving intensive consideration in the school, especially in the primary grades. Learning through discovery is one of the most effective means of acquiring knowledge and skills. The "new math" materials emphasize this technique which produces zest and enthusiasm on the part of the learners.

Charles H. Sherer on antisubmarine

She arrived Sept. 14 at Hakodate, located on Hokkaido, Japan's northernmost island.

Mayor decries bad image of 'politician'

The word politician in California had a bad connotation and newspapers can help to improve the image, Mayor Joseph Verducci of Daly City told the San Mateo County council of Mayors last Friday at the Villa Chartier.

Newsmen that night were on the receiving end of questions by politicians in a panel discussion called "Press and City Hall."

Council President Verducci said the word "Politician" has taken on a bad meaning and has in some cases, stopped a capable man from running for a council position.

"I know in a lot of small California communities, businessmen have been hurt by running for office," said Verducci.

They take a particular stand on an issue, he said, "Then nobody buys at their store anymore."

Verducci said newspapers can help improve the image of a man in politics in order to encourage professional and business candidates to run for office.

The men, he said, should get the feeling they are looked up to and respected.

"I think American politics have outground the bad connotation of the world politician," he said.

"I think politically minded now means to be tactful, to give and take. If the newspapers can help to improve this image we can get more professional people to run for public office."

Paul W. Corse completes course

Army National Guard Pvt. W. Corse, son of Mrs. Verma O. Corse, 455 Westmoor ave., Daly City, Calif., completed a food service course under the Reserve Forces Act program at Fort Ord, Calif., Sept. 27.

The 20-year-old soldier is a 1960 graduate of Van Cove (Ark.) High School.

Lewkowitz joins Petty Realty office

James S. Petty of Petty Realty has celebrated his first anniversary in Sunshine Gardens, South San Francisco.

"Due to the increase of business in this area, we have had to open a branch office in Daly City, at 39 Wellington St.," says Petty.

Petty is a member of the Lions Club and the Elks and for the past several years has dealt in local real estate.

Included in his sales staff is his son, James, Jr.

Joe Lewkowitz will be managing the new Daly City office.

Keep Safe From Fire

This is Fire Prevention Week, and it is good time for all of us to pause in what we are doing and give a thought to care with fire.

Too many fires need never have happened, and a little care on the part of all of us can reduce our tragic fire toll in lives and property destroyed.

On the average, about 1,000 fires start in homes in the United States every day. Last year 11,800 persons lost their lives in fires and more than 70,000 received bad burns.

And last year, dollar fire losses in the United States totaled $1,265,002,000, a new all-time high and an increase of 4.6 per cent over the preceding year.

The tragic thing about all these fires is that three-fourths of them were the result of carelessness, according to the National Board of Fire Underwriters.

With a little care, lives can be saved and needless burning of property prevented.

Here are a few suggestions that may keep your home fire safe:

1—Never leave small children alone. Even if you are leaving for only a few moments, get a responsible person to stay with them. Whe ngoing out for an extended period of time, employ a baby sitter.

2—Small children and elderly people are the most frequent fire victims. If there are elderly persons in your household, plans should be made to get them out of the house quickly in case of fire.

3—Use care with cigarettes. Never discard a cigarette or drop a match without being sure it has been extinguished. It's a good plan to break a match after using just to be sure it is out. Keep matches out of reach of children. And never smoke in bed.

4—Keep a flashlight handy for use in dark places. Never strike matches or carry lighted matches or candles into closets or attics.

5—Keep your electrical appliances in safe condition. Take them to a qualified repairman if they have loose connections or frayed or worn cords.

6—Throw out old newspapers, magazines and other waste combustibles regularly, rather than let them accumulate in the basement or attic. These are the things on which fires feed.

7—Impress upon everyone in your household that in case of fire, first get everyone out of the house, and then call the fire department. Call the department from your neighbor's home, if need be, but never reenter a burning house.

These suggestions could save your life, or the lives of members of your family.

You are the one who can help keep your home safe from fire.

Something for Everyone

By Samuel Chandler

John C. Fremont bought Alcatraz from a Mr. Temple for five thousand dollars and sold it to a bank. Presently the federal government acquired title to it and built the first United States fortification on the Pacific Coast.

Ten years later the War Department turned it into a prison for hostile Indians. Since then it has been used constantly as a place for isolating undesirables.

In 1900 it was used as a health resort for soldiers from the Spanish-American war. Soon the men caught cold and nicknamed it Keuchhuslen Station (the whooping cough station). In a short time it reverted to a prison.

Two new books tell the story of Alcatraz.

John Goodwin's "Alcartaz 1868-1963," is a history of the island and the record of its most noted inmates. The author says that Alcatraz has proven that the theory of a maximum security jail is wrong. Such prisons he says do not deter crime and, moreover, are not suitable for rehabilitating the thieves, forgers, and burglars who constitute the majority of men committed to prison.

Mr. Godwin's book contains a dark picture of violence and sadism, of desperate men who called "The Rock," twelve acres of Hell.

"Escape from Alcatraz," by J. Campbell Bruce is based on the true story of Frank Lee Morris whose escape in 1962 made world headlines. Through its pages run the stories of the fantastic riots, of the madness and the murder that have characterized life on Alcatraz.

Again and again Mr. Bruce asks why a country as civilized as America cannot find a substitute for prisons with their accompanying humiliation and soul destruction.

While these books fascinate the reader like a horror story, they induce him to thought worthy of a sociologist. Surely enlightened people will want to read them.

The View From Behind the Badge

Written and Edited by Daly City Police Department

This is the one hundred fourth article in the "Behind the Badge" series. Because the article is published once weekly this means that we are essentially two years old today.

In actuality, we have been performing for slightly more than two years. We have not appeared in about five editions. Once we missed our deadline, and thus not in time to be included in the newspaper for that week. The other times we did not appear were because of technical problems in the paper itself, which were and are somewhat beyond our ken.

In these one hundred four four articles, we estimate that we have written approximately seventy thousand words. Put another way, if we had stayed with a single plot, we could have written about one half of a novel.

"We", generally, are the Daly City Police Department. The Department consists of any number of things, the most important of which is people. We are authorized sixty one people. At the moment we have fifty five people.

These people are grouped by civil service title. These are not necessarily job titles. Our people include one Chief, one Captain, three Lieutenants, six Sergeants, two motorcycle Patrolmen, thirty two Patrolmen, three Dispatchers, one Secretary and five Clerks.

"We", more specifically, have a name. It is David Hansen, and he is a Lieutenant of Police, presently assigned to the Detective Division. This worthy puts the Departmental effort into words, and he has a very bad time with his tenses.

Last year, on the fifty second article, we sang happy birthday praises to this, our modest literary effort. In that article we said that only one article was disapproved at the Department level, and was not published. This still holds true.

We also said that we had not been censored to any noticeable degree. This is still essentially true. On that article, though, we must have violated every bit of editorial policy that the paper then had. We mentioned names that were deleated in the final article, and references to the name of the paper (designed to be courteous and appreciative) came out as "this newspaper".

There have been some changes since that time, and we notice that now there is no problem bout mentioning anyone's name. We even mention writers for other papers, and the names of those papers, and this is honestly and correctly printed on publication day.

And so we cut the first piece of birthday cake for the paper that allows us to become articulate, and even garrulous, at times. It is through this medium, and this specific paper, that we can try to tell the populance just how things look from behind that seven point star.

If we are inarticulate now, it is because of our own literary limitations. We will never run out of things to write about. The trick seems to be to write about things that people want to read about. And that is why we sometimes shout "Hey, is anybody out there reading any of this stuff?"

So we enter this, our third year of communications and public relations. We expect to continue. We can't be fired because we are not paid. But if the article were discontinued, it would be regrettable for the communications project. It would also be bad for the ego.

New sports program at Colma int.

The Daly City Department of Recreation and the Colma Intermediate School Physical Education Department have organized a new combination Physical Education and Recreational Athletic Program at Colma Intermediate School. Basis for the program is the formation of several intramural teams by coaches Tom Pollicita and Bob Mannini. These teams will be given training and conditioning in various sports, then following the training period, the teams will compete in league play. Play will take place in the afterschool hours formerly used for practice for the single team representing the school in extramural or interscholastic leagues. The new program has replaced the former single school team with six teams of boys in active participation. Program growth is expected to expand rapidly as parents learn about this opportunity available to the 7th and 8th grade boys. Teams have been organized on an equal strength basis by Messrs. Tom Pollicita and Bob Mannini to keep a good level of competitive interest. These clubs are currently engaged in a touch football league comprised of six teams of 10 boys each. Following the football season, the teams will move on to a training period in basketball then league play. Recognition of championships will be posted in the boys' locker room as well as the names of the most valuable players chosen in each sport. Teams and their captains are as follows: Vikings — Capt. Barry Perrone; Cobras—Capt. Steve Howe; Raiders — Capt. Ron Hackett; Eagles — Capt. Eric Nunez; Bishops — Capt. Don Laird; Rams — Capt. Phil Chervellera.

First games in league play saw the Vikings defeat the Cobras 28-2. Capt. Barry Perrone tossed 3 passes, one to Louis Matteucci, Gary Sanguinetti and Art Garcia, all TD bombs. The Cobras only score came on a safety. The Eagles came from behind to defeat the Rams 40-32 in a close game. Eric Nunez chucked 4 touchdown passes to Mike Blanco and Tom Belvin. Blanco intercepted a Ram pass and went all the way while Andre Furtch scored the last tally on a run around right end. Ram scoring came on passes from Phil Chervellera to Matty Russo and Chris Fontenot. Jim Hart and Peter Schultz also helped keep the Rams in the game with TDs.

On Monday the Cobras came from behind to defeat the Rams 20-12. Ron Hackett's Raiders defeated the Bishops 12-6, Ron starred with his passing.

Wednesday saw the Vikings defeat the Raiders as Barry Perrone ran for two touchdowns and passed for the others. Ernie Nunez threw some great passes to help his Eagles defeat the Bishops 24-2.

Thursday was a big day for Louis Matteucci of the Vikings as his pass catching defeated the Rams 20-12. The Eagles defeated the Raiders 26-12.
